

Year 7 Meet and Mingle

On Friday evening 1st September, following on from the Year 7 Father's Day Breakfast which was held at the College in the morning, we held our Year 7 'Meet and Mingle' at GIO (Harbord Diggers) which was a huge success. A great night was had by all forming new friendships and being able to put faces to names. Following the success of this night we will be holding another event towards the end of Term 4 this year.

Future Ready Conference

Last weekend over Friday 8th, Saturday 9th and Sunday 10th September the Future Ready Conference was held at St Paul's and all went to plan without a hitch. We had over 260 guests visit our school and all were very impressed with our facilities and of course our beautiful view.

The conference itself again confirmed the importance of parent engagement and the importance of consistently working on the relationships and connections we have with our children and our community.

I would like to thank Lynne Dryden and Lisa Ranken for their assistance on Friday night and an enormous amount of appreciation to Wendy Quail for all her help over the conference weekend.

After a weekend like this, it really does reaffirm why I wanted to be a part of P&F at St Paul's. The friendships that you make and what we achieve is so rewarding and really does make you feel a part of the school community!

P&F Meeting

Our next P&F Meeting will be held this coming Monday on 18th September at 7:30pm in room S3, which is the room behind the staffroom in the south wing of the main building. We hope you are able to join us.

Mrs Michal Brenchley
P&F President
